About

Buildertrend is a construction management software designed to increase collaboration and transparency between the general contractor, subcontractors, and owners. We have carefully selected this program and hope that you will use Buildertrend to its fullest extent to ensure your project is executed as smoothly as possible.

Support

For questions about the program feel free to contact our office and ask for April Yennior.

(800) 234-0800 or april@deshano.com

You may also contact Buildertrend directly for questions related to the software. There is no charge for service calls to Buildertrend. (531) 202-7300 or support@buildertrend.com

Buildertrend Username and Password

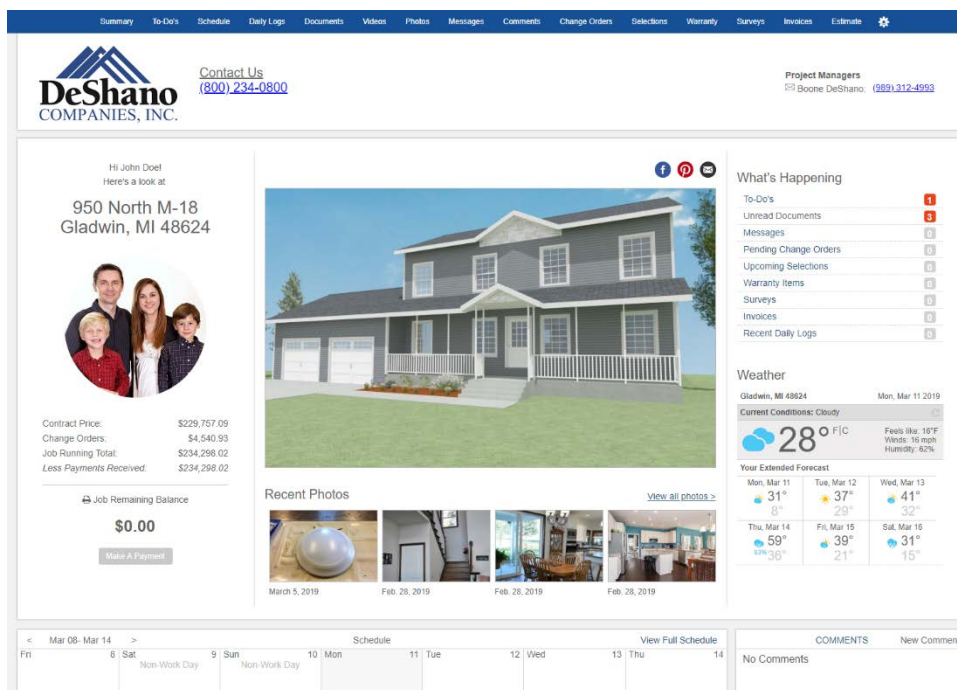

You will receive an email invitation from Buildertrend to create an account. You'll be able to set up your account with your own username and password. Should you need assistance please contact our office and ask for April Yennior (800) 234-0800 or april@deshano.com

How to login to Buildertrend

Once you have setup or received your login credentials, you may login by either going to www.buildertrend.net or by downloading the Buildertrend app within the App Store for Apple devices, or the Google Play Store for Android devices. Your username and password are valid for each platform.

Note: You may be presented with the option to place a branded app icon on your mobile devices home screen, it is up to you if you want this added or not. Tapping either the Buildertrend icon, or the DeShano Companies logo will take you to the same place.

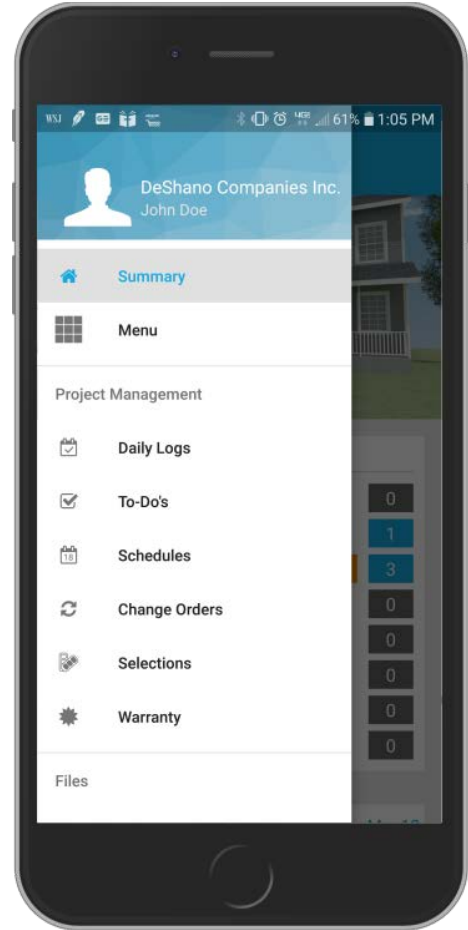

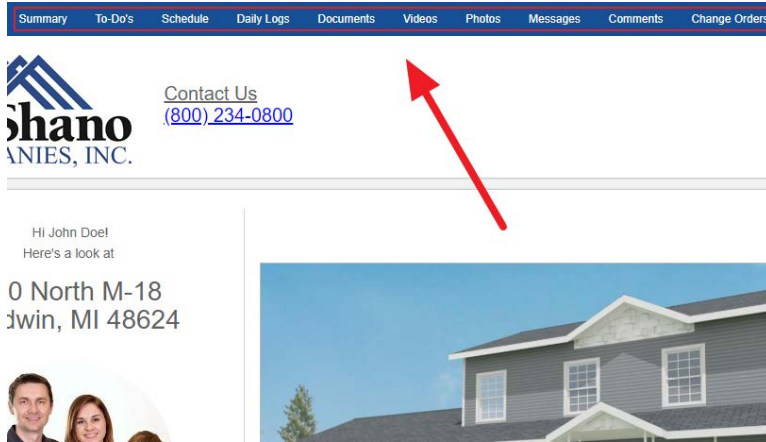

Upon logging in, you will be presented with summary page.

How to Navigate Buildertrend

To view information within Buildertrend, you may either click on the “What’s Happening” section to view unread items, or click on any of the tabs in the top banner to view information specific

to that tab. From the mobile app, click on the three bars in the top left-hand corner and choose the information you'd like to view.

1 - Summary Page

Within the initial summary page, the “What’s Happening” section on the right-hand side is designed to give you easy access to new items or items that have not yet been viewed. Use this to keep yourself up to date on all new items related to your project.

2 - To-Do's

Within the to-do's tab you will be able to reference any to-do's that have been assigned to you, create new to-dos for yourself, as well as set follow up reminders. This can be a great way to manage different items that you need to take care of throughout your project, while keeping all of your project information together.

You can create one to-do per item or create a checklist of items so you can individually mark tasks off. All to-do's that have a due date will also populate on the calendar feature for easy viewing access along with other important due dates (change orders, invoices, etc.) for your project.

If you have any questions over a to-do that you have been assigned to you may use the “Add Comment” button to send a notification with your question to DeShano Companies.

3 - Schedule

The schedule will display all of the key due dates that pertain to your project along with schedule information. You have the option to view the calendar in a month, list or Gantt chart. This may be chosen in the top left-hand corner.

The schedule for your job will not be published until a start date is set, and individual durations are customized for your job. If you don't see the schedule upon first logging in, check back in a few days.

4 - Daily Logs

Daily logs are an easy way to reference quick updates on your project. To view the details of an individual log, simply click on the date which will open the daily log and display any photos that are attached along with an option to comment if you have any questions. We try to complete at least one log per job per week. This allows all stakeholders to stay abreast of the project's status.

8 - Messages

The messages tab in Buildertrend is an email center specific to your project. You'll be able to view and reply to any emails DeShano Companies has sent and also compose messages to any of the employees with viewing access to your project. This doesn't have to replace your current email address if you don't want it to, however it is a great way to keep project specific emails organized in one place, and you will still receive notifications in your normal email inbox. You will also have the option to CC your normal inbox for outgoing emails.

9 - Comments

The comments tab will allow you to view any of the comments that have been applied to items on your project without having to find the specific item the discussion originated within. You may reply back to comments by using the “+” button in the top left-hand corner of a comment. If you need to review the item before commenting you may click on the bolded title of the comment which will open the specific item the discussion was originally applied to.

10 - Change Orders

The change orders section within Buildertrend is where you'll be able to reference each of the change orders added to your project. In order to view more details within a change order you may click on the title, this will allow you to review pricing information, deadline dates and any additional details of the change order. You may approve or decline a change order by going to the bottom of the page and checking the disclaimer and then choosing to approve or decline. You will be prompted for a signature to confirm your action. Once a change order has been approved, you can pay it online from the invoices tab.

In order to approve a choice that has not been favorited you may either click on the choice title or the checkmark available within the overall view of all selections. This will open the choice details where you may review all information before checking the disclaimer and confirming your approval.

Selections are a vital part of your project, and it is very important that you take the time to carefully review your choices to ensure you're getting exactly what you want. If you wish to receive pricing for an upgrade item, simply click the "Request Pricing" button within the selection. You'll be notified once pricing has been added. If you wish to proceed, approve the newly priced choice. We will then generate a change order for you to sign that will include an updated contract price.

12 - Warranty

The warranty tab will allow you to view any warranty claims that have been added along with service appointments that have been scheduled to take care of the claims. You will have the ability to add warranty claims up to your 2-year warranty expiration date. To do this, follow the steps below.

1. Login to your portal
2. Click the "Warranty" button at the top of your screen
3. Click the green "New Claim" button at the top left-hand corner of the window.
4. Give the warranty request a title, assign a category, and priority, then list any additional details in the description box.
5. If you wish to add photos, you may do so by using the attachments "Add" button.
6. Once complete, click the save button. We will be notified and will be in touch soon.

Once a service appointment has been performed you will receive a notification requesting feedback to your contractor. Please complete this by clicking on the "Feedback Required" link.
